Speaker

Prof. Giuseppe Tomasso

Chair of Industrial Automation Lab
University of Cassino - Italy

Giuseppe Tomasso is professor of Power Electronics and Electric Vehicles at University of Cassino and South Lazio, Italy. Since 2006 he is chair of the Industrial Automation Laboratory at the same University. He is founder of 3 spin-off companies, working in the field of renewable energy and electromobility, and coordinator of several national and international R&D projects. His main specialization is related to transportation electrification, with particular reference to electric and hybrid vehicles powertrain, battery management systems, traction control and power converters. He is author of more than 130 publications in international conference proceedings and transactions.
