Intro Text #1

Modern government, digitized authorities and smart cities: The Smart Country Convention is the leading event for innovating the public sector and digitizing our cities. From 30 September to 2 October 2025, the three-day event will bring together local government, politics, the digital economy, associations, start-ups and science at the Berlin Exhibition Grounds. With more than 18,000 participants, the #SCCON25 is a must for all those who are driving to shape the digital transformation of the public sector. More than 7 stages, various deep-dive workshops, and a broad expo area with more than 400 partners and will gather decision-makers and pioneers from both digital economy and politics.

Intro Text #2

Taking as its slogan 'City.Country.Tech', the Smart Country Convention from From 30 September to 2 October 2025 will focus on the latest trends and key challenges of e-government, smart cities and smart regions. Within more than 400 sessions, on 7 stages and numerous workshops, first movers will show how digitization can be put into practice, developing the digital cities and regions of tomorrow. The convention expo will augment the stage presentations with demonstrations – digitization close-up. On the third day of the event, the SCCON Career Day will put the topic of career development and management in the spotlight, enabling employers and talents to connect and discover new opportunities. As the leading event for the digitalization of the public sector, the Smart Country Convention will gather more than 18,000 representatives of local government, politics, digital economy, associations and science: a must for everyone shaping the future of cities and administrations.
